Organisers Comments:

From my point of view I thought the Event went off very well. We were blessed by the weather & the make shift HQ arrangements were in an ideal location & worked fine.

I am eternally grateful to those who make themselves available to help 'On the Day'; on a Course of this nature & distance it requires quite a number of bodies to give the riders that worry free, safe ride that they all appreciate. I have received several messages from riders commenting particularly on the Marshalling & Signage which always makes organising an Event a more rewarding experience. Quite an interesting Course, all-be-it with a couple of cross overs, but never in my dreams did I expect the Times that were achieved; so well done everyone.

My sympathies to the two riders who experienced problems & hopefully overcoming them won't take too long. On the down side it was a little disappointing to get 21% of the Entry as DNS's, but since twenty two of those who did ride either achieved PB's, (in the last three years), or better Times than they expected to if riding the distance for the first time; it was the DNS's who lost out
